

**GROWTH OF CITY**  
Glendale's population in 1910 was 2742; in 1920 was 13,356, a per cent of increase, 383. Present population, estimated, 16,500.

# THE GLENDALE EVENING NEWS

**BUILDING RECORD**  
During 1920 the total building permits issued in the City of Glendale was \$3,136,664, a national record, in proportion to population.

VOL. XVI WEATHER—Fair and Warmer GLENDALE, (LOS ANGELES POSTOFFICE), LOS ANGELES COUNTY, CAL., THURSDAY, FEBRUARY 24, 1921 SIX PAGES 14

## CHURCH STARTS NEW STRUCTURE

NEW CASA VERDUGO METHODIST SUNDAY SCHOOL BUILDING IS NOW UNDER WAY

## GROUND IS BROKEN

RAPID INCREASE IN NUMBER IN ATTENDANCE CAUSES IMMEDIATE ACTION

Ground was broken yesterday for a new Casa Verdugo Methodist Sunday school building by G. Edwin Murphy, contractor. The cost of this edifice when complete is estimated at \$16,000 by H. J. Olmsted, chairman of the building committee. Other members are J. W. Cotton and George W. Tyrrell. Rev. E. O. Thayer of Eagle Rock is pastor. The site of this improvement is the corner of North Central and Park avenues, south of the Central avenue school.

This new building is to be used for church services until such time as a main building is constructed.

### Two-Story Frame Building

The improvement at present will be of two-story, frame construction, the main building 60 by 48 feet including an auditorium and 16 class rooms. A wing 28 by 32 feet in dimension will house the primary department. In the basement there will be a social hall and kitchen.

Plans are now under way for dedicatory ceremonies, at which time the cornerstone will be laid. There are about 125 in the Casa Verdugo Methodist congregation and about the same number in the Sunday school.

### Not Room in Sunday School

Services are still being held in the old church building, which has been sold to provide money for the building fund, and the temporary structure erected for an emergency has been torn down.

According to Mr. Olmsted, the structure for church work is vitally essential at once, as the Sunday school is turning away newcomers due to the lack of accommodations. He predicts double the attendance when the North Glendale and Casa Verdugo Methodists get into their new quarters.

## TAKEN BY DEATH

J. A. MCGOWAN, FORMERLY OF SAN ANTONIO, TEXAS, IS DEAD; FUNERAL TODAY

J. A. McGowan of 210 North Cedar street, aged 52 years, passed away Tuesday night at 7:30 o'clock at Thornycroft Hospital and Sanitarium. Mr. McGowan came here a year ago from San Antonio, Texas, in hopes of regaining his health. He leaves a wife, two children, two grandchildren, two brothers in Iowa, three sisters in Chicago and one, Mrs. Malcolm McLaren, 303 North Jackson street, of Glendale.

Funeral services were held this afternoon at 2 o'clock from the Holy Family Catholic church with interment at Calvary cemetery, L. G. Seavern Undertaking company being in charge.

## G. E. Clayton Sells New Concern Acreage

George E. Clayton, local Dodge dealer, sold the acre of ground lying between San Fernando Road and the Southern Pacific railroad tracks in the industrial district of Glendale to the Cunningham Manufacturing company, concerning which a story was published last night. The consideration was \$3500 and the land comprises part of the old Thorn tract of which Mr. Clayton was owner.

Mr. Chandler, who was mentioned as owner of the land purchased, owns similar property, but that which was actually sold is part of Mr. Clayton's holdings and lies south of the city pumping plant on San Fernando Road.

## Nearly Twenty Years With P. E. Company

Felix Colas, who resides at 345 West Harvard street, on next October 22 will have been employed in the machine shops of the Pacific Electric Railway company, Los Angeles, twenty years. Mr. Colas has resided in Glendale nine years.

### WEALTHY CONTRACTOR DEAD

LONG BEACH, Calif., Feb. 24.—Charles F. Haglin, 62, wealthy Minneapolis building contractor, is dead here today. He succumbed to an attack of heart disease. He and Mrs. Haglin were wintering here. The body will be shipped to Minneapolis.

## CALL MASS MEETING TO DISCUSS PROBLEM TO PROVIDE MORE ROOM FOR ELEMENTARY SCHOOL PUPILS

Public Gathering to Be Held at Intermediate Building on March 3 to Take Action to Meet Ever Increasing Enrollment

What Glendale shall do to eliminate the crowded conditions in its elementary schools comes before a mass meeting, called by the Board of Grammar School Trustees for Thursday night, March 3, at the Intermediate building on Wilson avenue.

The future of this "city of homes" depends to a great degree on the school facilities afforded the newcomers and it is the view of the authorities that Glendale should arise to the situation of ever-increasing population and provide for the enrollment of pupils, which is like a tidal wave.

No sooner than facilities planned to cope with this influx were provided than Superintendent Richard D. White reports that ante-rooms, sheds, libraries, janitors' rooms, storerooms and other makeshifts are used in accommodating the 2585 pupils today.

More Room Necessary  
One year ago there were 2011 enrolled in February. This means that the 574 increase represents 20 per cent more room necessary, one more

### David Black on Board

Speaking of other activities concerning the grammar schools, Mr. White stated that David Black succeeds L. T. Rowley, who resigned from the board. Mr. Black, who has had experience in local school matters, was appointed to fill the term until May 1 by the county superintendent's office.

School elections will be held March 25, the last Friday in the month, and a trustee will be named for the new term.

(Continued on Page 5)

## CHAMBER OF COMMERCE POLLS TO REMAIN OPEN UNTIL FRIDAY NIGHT

More Time Given Members to Get Their Ballots Prepared; Name Canvass Committee

The polls in the Chamber of Commerce election of directors will not close tonight, as first announced, stated T. A. Stevenson, in charge of the re-organization work. The polls will close tomorrow night at 7:30 o'clock. Mr. Stevenson said:

"On account of ballots for the election of the Chamber of Commerce directors not being delivered Tuesday, February 22, the same being a holiday, the time for the closing of the polls has been postponed until Friday night at 7:30 o'clock. This will give every member sufficient time to return the ballot through the mail and insure larger returns."

"This action was taken by E. P. Hayward, chairman of the final election committee, after several complaints about the short amount of time allowed for the return had been

made by members who did not receive ballots until late Wednesday afternoon.

"Members are requested to get their ballots into the mail before noon tomorrow, so as to give the postal clerks sufficient time to distribute and deliver the ballots on the afternoon delivery."

The following committee is in charge of the canvass of the returns: E. P. Hayward, chairman. W. E. Evans J. A. Newton Mrs. Mabel L. Tight Roy D. King Mrs. E. W. W. Hayward Mrs. E. D. Yard Mrs. J. R. White W. B. Kirk Owen Emery J. F. McBryde W. E. Anderson

## NEW OFFICIALS ARE SELECTED FOR FRATERNAL BROTHERHOOD WORK

Vice President, Secretary and Treasurer Chosen and Reports of Committees Received

There was a meeting of the executive committee of the Federated Brotherhood held in the prayer room of the First Methodist Episcopal church on Tuesday night.

Arthur G. Lindley, president of the organization, was in charge of the meeting and the new vice president, secretary and treasurer were elected for the year, as follows: Vice president, G. G. Lemon; secretary, W. B. Kirk; treasurer, George Daugherty.

Reports of committees were received and matters pertaining to the moral welfare of our city, in which the Federated Brotherhood is especially interested, were discussed and an adjourned meeting was called for Monday night, March 1, at the First

Methodist church to take up matters pertaining to the coming bond election for the proposed recreation center; to determine what the attitude of this organization should be. Also some matters in connection with the schools and the newly organized Chamber of Commerce will be taken up. The motto of the Federated Brotherhood is "A Clean City, Kept Clean," and all the men of all the evangelical churches are members, and all of them are urged to come out to the above called meeting on March 1.

Any other citizen of Glendale who can subscribe to the same ideals is eligible to membership and will be welcomed to any of the meetings, says Arthur G. Lindley, the president.

## ANOTHER LINOTYPE IS ADDED TO BATTERY IN EVENING NEWS PLANT

Plant Is Equipped for City Twice Glendale's Size and Paper Will Continue to Improve

A new Mergenthaler linotype machine, Model 8, making the fourth machine installed in The Glendale Evening News' composing room, was received this morning. The equipment now consists of two Models No. 5, one Model No. 14 and one Model No. 8, the last named being the one installed today.

The purchase by The Glendale Evening News of the additional linotype machine places this office, so far as its battery of machines is concerned, far ahead of other cities the size of Glendale.

Other machinery already in use in the plant consists of a Duplex press, a Miehle cylinder job and book press—there being none better any-

where in the United States or Europe—three Gordon jobbers, 24-inch perforator, paper cutter, Miller saw, folder, punching machines and other equipment necessary for a thoroughly modern printing and publishing plant.

The business office is supplied with nine No. 10 Royal typewriting machines, two having been installed Tuesday of this week.

The management of The Glendale Evening News considers that its plant is in a position to meet any emergency and with its thoroughly organized departments can continue to produce for the city of Glendale a daily newspaper that is a credit to a city twice as large.

## Indian Never Forgets, Says Walter Palmer, Producing Evidence

"The old saying that an Indian never forgets is true," said Walter E. Palmer, 831 East Maple avenue, who today received an interesting letter from a friend of his youth, Chester Bad Boy, a full-blooded Crow Indian residing on the Crow reservation in Montana.

Palmer states that he first met "Bad Boy" over thirty-two years ago, in 1888, while the Sioux Indians were holding a Fourth of July fête on the Little Big Horn river celebrating the General Custer massacre.

Owing to his sandy complexion in those days, the Indians named him Ishekit, it being the Crow term for red. Chester Bad Boy and Ishekit became fast friends, but as years rolled by they lost track of each other.

Through the Indian Service of the Department of the Interior, Palmer located his friend and in reply to his letter, Chester replied "My Dear Ishekit", and told of the many changes since he and Palmer were boys together.

### Giant Tree Laid Low

The old oak tree, older than Glendale, that has spread its boughs over Central avenue near Pioneer Drive, has been felled, hewed into pieces and carted away.

Decked with the glowing sapphire of a red danger light, it stood in the center of the avenue, cheery friend to the careful motorist who whisked under its boughs, but deadly enemy for him who should collide with it at night.

Yesterday workmen from the city forestry department were busy all day laying the giant tree low. A scar on the pavement for the present is the only marker of its passing. And in days to come, it shall soon be forgotten as all that has gone before as the city progresses.

## Becomes Deranged Result Of Overwork

Allen Williams, aged twenty-two, a welder by trade, well known among Glendale people, is in the County hospital as the result of becoming suddenly deranged from overwork, it is believed. While he had been acting somewhat unusual, little was thought of his condition until last night when he created considerable excitement at the James Webb home, 127 West Chestnut street.

Telling his friend, Harry W. Hall, also a welder, that he had important business to attend to, he asked the latter to accompany him for a walk shortly after 6 o'clock. He did not tell Hall where he was going and when he arrived at the Webb home, he rang the bell.

Miss Lois Webb, who was not acquainted with the young man, but knew that her brother, Dolliver, was friendly with him, called him to answer the door.

This Dolliver did and said, "Hello, Curley!" (Williams' nickname.) "What's the matter, have you been in an auto accident?" adding this because of the pained expression on Williams' face.

At this, Miss Webb, who had been playing the piano, inquired if the visitor was hurt and Williams made a rush at her, incoherently pleading about his going to die, imploring for protection and holding to Miss Webb, who was thoroughly frightened by the unusual actions. Her brother and Mr. Hall who were present, endeavored to remove Williams from the house, but he broke their hold. Soon they were joined by Mr. Webb, senior, in the struggle and the police were called.

Miss Webb was not injured. Two of the five men, though, suffered minor hurts and even when handcuffed, Williams broke away twice from four who were holding him.

Williams is now in a cell in the psychopathic ward of the county hospital where he will be held pending charges. On account of his great physical strength, removing him to the Los Angeles county institution proved quite a task.

The insanity complaint, filed this morning by the girl's brother in City Recorder F. H. Lowe's court, was served shortly before noon by Traffic Officer Walter Trautwein, who reported Williams was confined in a cage where similar attacks will be impossible.

### BURROUGHS RECOVERING

PASADENA, Calif., Feb. 24.—John Burroughs, noted naturalist and author, who underwent an operation for an abscess on his chest, was reported to be on the road to recovery today and is expected to be able to leave the hospital in a few days. He is 84.

## TO BE TOLD OF HOOVER'S ACCEPTANCE

(Special Service to Glendale Evening News)  
NEW YORK, Feb. 24.—Herbert Hoover's acceptance of the post of secretary of commerce in the new cabinet will be communicated to President-elect Harding today, it was stated on the highest authority.

The former food administrator will enter the cabinet "with the greatest reluctance," it was said, and "only through a sense of obligation to the public and Mr. Harding."

Hoover's associates revealed certain "reservations" readily endorsed by Harding, made possible the acceptance. These were:

Free rein in conducting the affairs of the commerce department. Increased scope of departmental responsibility, including untangling of the shipping situation.

Complete cooperation between the various administrative branches of the government.

Harding's accession to these conditions was looked upon as a foregone conclusion, he having made it known that a similar attitude would be taken toward all departments of the cabinet. In his own words, the cabinet heads are to be "their own bosses."

## NEW RECORD MAY BE MADE IN AIR FLIGHT

(Special Service to Glendale Evening News)

CAMP JOHNSTON, JACKSONVILLE, Fla., Feb. 24.—Lieut. William D. Coney, making a flight from ocean to ocean, landed here at 7:27 a. m. today after having taken off at Love Field, Dallas, Texas, at 10:14 o'clock central time, last night.

The flying time from Dallas to Jacksonville as figured by Lieut. S. C. Eaton, in charge of affairs at this end of the flight, was eight hours and thirteen minutes. For the entire flight from San Diego, a distance of 2079 miles, twenty-two hours and thirty-two minutes, an average of more than 98 miles an hour. These figures are unofficial. If they stand, according to Lieutenant Eaton, they will set up a new record for actual time between the Pacific and Atlantic oceans.

## TURKISH DELEGATIONS TO SUBMIT CLAIMS

(Special Service to Glendale Evening News)

LONDON, Feb. 24.—Real progress toward settlement of the Near East complications was expected today when opposing Turkish delegations submitted their claims to the allied supreme council.

The two Turkish factions were compelled to meet last night and draft joint proposals for the allies. These were to include demands that Greeks withdraw from certain Turkish provinces, that Constantinople be left in Turkish possession and that the Turks be permitted to continue their own government.

Premier Lloyd George forced the Turks to act. After listening to their generalizations, Lloyd George told the delegates flatly they would have to unite and make specific demands.

## HALF MILLION DOLLARS IS LOSS BY FIRE

(Special Service to Glendale Evening News)

TIBURON, Cal., Feb. 24.—Damage estimated variously at from \$75,000 to a half million dollars was done early today by fire at the shops of the Northwestern Pacific railroad here.

The fire started shortly after 4 a. m. and was not controlled until about 7 o'clock.

The machine shop, pattern shop, mill, car shop, blacksmith shop and engine room were either entirely destroyed or heavily damaged, according to reports after the first survey of the situation.

The Sausalito and Tiburon fire departments and workmen employed by the company fought the flames which burned fiercely.

## LEAGUE DECIDES TO IGNORE U. S. PROTEST

(Special Service to Glendale Evening News)

PARIS, Feb. 24.—The league of nations council today in effect decided to ignore protests of the United States over the approval of mandates by proceeding to the consideration of class B mandates.

The United States made no specific protests against the class B mandates but in a note to the council, Secretary of State Colby protested against action without consultation with America.

## U. S. TO WITHDRAW ITS TROOPS FROM RHINE

(Special Service to Glendale Evening News)

PARIS, Feb. 24.—The United States has informed Belgium she has decided to withdraw her troops from the Rhine, according to the Brussels correspondent of the Petit Parisien.

France has expected American withdrawal and has arranged for mobilization of troops to replace them.

## GIVE UP HOPE FOR MEN TRAPPED IN MINE

(Special Service to Glendale Evening News)

DOWELL, Ill., Feb. 24.—The last hope for the lives of the seven men who were trapped in the Kathleen mine by fire late yesterday was abandoned early today and the mine was sealed up in an effort to extinguish the flames.

## C. A. Wishart Will Build \$15,000 Garage

C. A. Wishart late yesterday obtained a building permit for the construction of an automobile garage and salesroom to cost \$15,000. It is to be erected at 233 South Brand boulevard close to several other salesrooms in a section of the city which is fast becoming auto row.

## Nebraska Men Buyers C. P. Clark Property

The C. P. Clark property at 219 West Lonita avenue has been sold to Lee Etting and A. C. Glade of Grand Island, Nebraska. Possession will be given within thirty days. The sale was made through the Lee & Guy Thomas realty firm.

## READING CIRCLE NAMES OFFICERS

MUTUAL BENEFIT MEMBERS SESSION ELECT OFFICIALS FOR COMING YEAR

## WORK IS INCREASING

ORGANIZATION IS ABOUT TO BEGIN FIFTH YEAR AND IS VERY ACTIVE

The regular meeting of the Mutual Benefit Reading Circle was held yesterday, under the chairmanship of Mrs. A. A. Barton. A large number of members were in attendance. Mrs. Mae Rosenberg had the review. She read a paper on the moving picture question, which brought up a great deal of discussion. Mrs. Harry Dewey, chairman of the nominating committee, brought in the following names:

Chairman, Mrs. A. A. Barton. First vice-chairman, Mrs. H. V. Henry. Second vice-chairman, Mrs. Eustace B. Moore. Recorder, Mrs. Burr. Home advertising, Mrs. A. A. Brown. Current educational trend, Mrs. C. H. Crawford.

### Various Other Officials

Follow-up committee, Mrs. Mae Rosenberg, Mrs. Wintersgill and Mrs. McLean. Advertising committee, Mrs. Florence Kurtz. Hospitality, Mrs. Farwell, Mrs. Vieroek and Mrs. Dadds. Press correspondent, Mrs. H. H. Harris. Social secretary, Mrs. Prialux. Assistant social secretary, Mrs. Pomeroy. Treasurer, Mrs. C. H. Pendleton. Purchasing agent, Mrs. Hoyt. Secretary, Mrs. W. W. Stofft. Auditor, Mrs. Fletcher.

### Elected for New Year

These members were elected for the new year, which begins at the next meeting. This will mark the fifth birthday of this organization, and preparations are being made for a large attendance at this meeting. The book, "The Essentials of Character," by Sisson, was continued the chapter on "Religious Ideals" being read.

### NATIONAL GUARD

GLENDALE COMPANY TO MEET AT HIGH SCHOOL GYMNASIUM TONIGHT TO ORGANIZE  
The fifth separate company of infantry, Glendale's organization in the National Guard, meets at the high school gymnasium tonight for organization and drill. Captain Thomas D. Watson announces. Temporary non-commissioned officers will be appointed and the school of a soldier started.

The public service department of the city has installed lights on the athletic field, where the home guard drilled during the war, and the present guardsmen will be able to do a few maneuvers tonight.

Captain Watson states that he wants a full attendance, as every man is to be given a trial for the non-commissioned personnel. Uniforms, ordnance, a temporary armory and other essentials will soon be attained.

## LIVE COLE CLASS

THIRD ANNUAL BANQUET HELD BY TWO GROUPS; PLEASING SOCIAL TIME RESULTS

The Live Cole class of the Christian church held its third annual banquet last night, at the church bungalow on South Louise street. The Live Cole class has been divided into two groups—the young people's class and the young married people's class. There were thirty members present. Washington's birthday decorations were used. After the banquet the two classes adjourned separately and held a short business meeting, after which a social evening was enjoyed under the chairmanship of Mrs. James McBryde.

## Making Improvements At Pepper Tree Inn

J. H. Burris and O. S. Goetz of Aberdeen, S. D., who arrived in this city last November and purchased the Pepper Tree Inn property on North Central avenue in Casa Verdugo have improved that structure, established their homes there and they are now installing fixtures in the storeroom on the first floor where the will open what is to be known as the "Home Grocery."

## COAL LANDS PURCHASED

VANCOUVER—Owners of prop-  
erty on Reid, Thetis, Kuper and Wal-  
lace Islands, on the British Columbia  
coast, are interested in a reported  
sale of 50,000 acres of coal land in  
that district to American interests.  
The price is \$1,750,000. The sale is  
practically completed, the matter  
now merely resting on the depth of  
the deposits, which are now being  
tested by the prospective purchasers.

## Locals And Personals

Mr. and Mrs. R. L. McCourt of 336  
North Central avenue spent the  
week-end at Santa Barbara.

Mrs. H. L. West of 213 North Cedar  
street has as her guest Mrs.  
Sheldon of Scranton, Iowa.

Mrs. Gilbert Wright of 511 Fair-  
mont avenue is now home from the  
hospital and is getting along nicely.

Mrs. Mabel Tripp of Mojave was  
the week-end guest of her sister, Mrs.  
M. S. Kuehny of 368 West Doran  
street.

B. J. King of 455 West Dryden  
street returned yesterday after  
spending the past two months at Tip-  
ton, Tulare county.

Mr. and Mrs. Oscar Stees of 240  
South Glendale avenue were the Sun-  
day guests of Mrs. Stees' sister, Mrs.  
Mellon, at Pasadena.

Mr. and Mrs. D. L. Brown of Kan-  
sas City were the week-end guests of  
Mr. and Mrs. Bert Woodward of 214  
North Maryland avenue.

J. R. Rust and brother, T. W.  
Rust, who have been residing at 208  
West Lomita avenue, are now mak-  
ing their home at 645 North Central  
avenue.

C. W. Ingledue and family are  
moving this week from 411 North  
Central avenue to their former home  
at 561 East Wilson avenue, corner  
Jackson street.

Mr. and Mrs. T. P. Peirce of 317  
West Vine street had as their week-  
end guest Miss Barnett of San Fran-  
cisco, who is combining a business  
and pleasure trip.

Dr. and Mrs. P. S. Kellogg of 614  
North Louise street were guests from  
Friday to Tuesday in the home of E.  
H. Botsford on Sixth street, near  
Grand View avenue.

Berthan Van Tassell, a plumber  
residing at 110 North Cedar street,  
reported to the Glendale police today  
that his light touring car was stolen  
at Long Beach last night.

Miss Abbie C. Terry, a Glendale  
Union High school teacher who is on  
leave this year, and Miss Leora  
Johnston, both of Eagle Rock, were  
Glendale shoppers yesterday.

Mr. and Mrs. F. A. Hebestreit of  
Detroit, who are the house guests of  
Mr. and Mrs. T. C. Creel of 129  
South Jackson street for the winter,  
are spending the week-end at San  
Diego.

Mr. and Mrs. James Myers left to-  
day for their home in Washington.  
They have been spending the winter  
with Mrs. Phoebe A. Myers of 821  
South Mariposa street and with  
friends in Long Beach.

Chief of Police J. P. Lampert is in  
Long Beach today serving sum-  
monses on owners of Patterson ave-  
nue property for which improve-  
ments have been ordered by the Glen-  
dale Board of Trustees.

I. C. Van Housen, who is a pas-  
senger conductor on the Union Pacific  
railway out of Omaha, together  
with his wife is visiting H. E. Van  
Housen, retired superintendent of the  
Salt Lake route, at 1320 North  
Maryland avenue.

Mrs. R. A. Blackburn of Coachella  
Valley, formerly of Glendale, was  
the week-end guest of Mrs. R. W.  
Meeker of 1320 East Colorado  
street. Mrs. Blackburn's father,  
who has been quite seriously ill, is  
somewhat improved.

J. L. Circle of 448 West Maple  
avenue has returned from a busi-  
ness trip to New York City. On his  
way back he stopped to visit his  
former home in Missouri and also stop-  
ped at Bisbee, Arizona, where he vis-  
ited his wife and children.

Twenty-five cases of speeding or  
other motor traffic law violations  
came before City Recorder F. H.  
Lowe tomorrow morning, according  
to reports filed with the court by  
Motorcycle Officer Walter Trautwein  
of the Glendale police department.

John Palmer, 168 West Twenty-  
second street, Los Angeles, father of  
Walter E. Palmer, 831 East Maple  
avenue, Glendale, underwent an op-  
eration yesterday at Lincoln hospi-  
tal in the former city. It is reported  
by the son that Mr. Palmer, who is  
80 years of age, and a veteran of the  
Civil War, has a chance for recov-  
ery.

Mrs. M. J. Brennan of 519 North  
Central avenue was quite overjoyed  
upon receipt of a telegram from Chi-  
cago informing her that her sister  
Alice, Mrs. C. J. McNeill, gave birth  
to a baby boy on George Washing-  
ton's birthday. The younger set of  
Glendale will remember Mrs. McNeill,  
as she spent last winter with Mrs.  
Brennan and made many friends in  
this city.

Members of the Wednesday club  
were entertained yesterday at the  
home of Mrs. A. J. Muhleman of 527  
East Windsor Road. Those present  
were Mrs. Charles Freshman of Los  
Angeles; Mrs. Charles Glover, Mrs.  
William Gibson, Mrs. J. F. Hearn-  
shaw, Mrs. Frank Hester, Mrs. Wil-  
liam Nash, Mrs. G. D. Roach, Miss  
Clara Ringert, Mrs. Charles Sanders  
and the hostess, Mrs. Muhleman. A  
cafeateria luncheon was served at  
noon. The afternoon was spent in  
needlework and crocheting. Lovely  
jasmine vines with its yellow bloss-  
oms were used as decorations.

## D. OF V. MEETING

MARY JANE GILLETTE TENT

NO. 18 HOLDS GATHERING;  
SOCIAL TIME ENJOYED

Thirty-five members of Mary Jane  
Gillette Tent No. 18, Daughters of  
Veterans, were in attendance at the  
regular meeting of the tent Tuesday  
night in Odd Fellows' hall, 111-A  
East Broadway. E. D. Johnston, a  
member of N. P. Banks Camp, Sons  
of Veterans, was obligated as an as-  
sociate member of the tent.

At the close of a lively business  
session a social hour, of which Mrs.  
Pearl Moore was chairman, was  
thoroughly enjoyed by the members  
of the Tent and their friends. Home-  
made cake and coffee were served.

The Nimble Finger club, which is  
the sewing circle of the Tent, will  
be entertained at the home of Mrs.  
Charlotte McKee, 130 West Chest-  
nut street, Wednesday evening,  
March 2.

## DIED AT LONG BEACH

Mrs. Hattie Smith, wife of W. E.  
Smith, died at her home at 2285 Myr-  
tle avenue, Long Beach. She was  
formerly a resident of Glendale and a  
member of Carnation Lodge No. 257,  
Rebekahs. Mrs. B. S. Quick of 123  
North Cedar street is her sister. In-  
terment will be at Grand View Cem-  
etery Saturday afternoon at 2  
o'clock, Rev. C. M. Crist in charge.

## MAIL MAKES RECORD TIME

NEW YORK, Feb. 24.—Brought  
from the Pacific coast by airplane in  
the record time of thirty-three hours  
and twenty minutes, 350 pounds of  
California mail reached addresses  
here today.

The best previous record for  
transcontinental mail was seventy-  
two hours by train and plane. The  
fastest train time is four and one-  
half days.

## ATTEMPTS TO FIND PEACE

LONDON, Feb. 24.—With Sinn  
Fein bitterness toward England un-  
allayed, as evidenced by the shoot-  
ing of two constables within 100  
yards of Dublin Castle yesterday,  
north and south Ireland are work-  
ing together for peace.

It is believed they will reach an  
agreement whereby Ireland can op-  
erate under the home rule act, settling  
their differences with Britain later.

## REPORTS PLEASE BELGIANS

BRUSSELS, Feb. 24.—Reports  
that Herbert Hoover will be a mem-  
ber of the United States cabinet  
cheered Belgians today.

"Belgium knows how trustworthy  
he is," Premier Carton De Siart said.  
"We do not know what Harding's  
message will hold for us," he said,  
"but we have confidence in two real  
friends of the allies—Hughes and  
Hoover."

## LOS ANGELES MAN SLAIN

SAN BERNARDINO, Calif., Feb.  
24.—D. Greenbaum, Los Angeles  
pawbroker, was found murdered  
this morning in his automobile in a  
road near Etiwanda, twelve miles  
west of San Bernardino.

Hairpins were found in the ton-  
neau and about the car were dis-  
covered footprints, evidently made by  
a woman or by a man of small stature.

## JACK PICKFORD BETTER

LOS ANGELES, Feb. 24.—Jack  
Pickford, film actor, who is in a se-  
rious condition from bronchial pneu-  
monia, was reported to be slightly  
improved at his home here today.

## DEVLIN HEADS R. R. BOARD

SAN FRANCISCO, Feb. 24.—  
Frank R. Devlin was today elected  
president of the California railroad  
commission by unanimous vote.

## CALL FOR BANK STATEMENTS

WASHINGTON, Feb. 24.—The  
comptroller of the currency today is-  
sued a call for the condition of na-  
tional banks as of Monday, Febru-  
ary 21.

## CARUSO GOING TO ITALY

NEW YORK, Feb. 24.—Enrico  
Caruso will sail for Italy in March,  
his physicians announced today.

## ELECTRIC POWER

FAMOUS INVENTOR DECLARES  
METHOD OF PROPULSION  
IS BEING EXTENDED

SCHENECTADY, N. Y. — Water  
and highway transportation, as well  
as railways, eventually may depend  
upon electricity for motive power be-  
cause of its greater economy and ef-  
ficiency, according to Dr. Charles P.  
Steinmetz, the "wizard of electricity."  
The famous inventor called attention,  
in an interview with the United  
Press, to the success of the electric  
drive on American warships and the  
fact that this method of propulsion is  
being extended to merchant craft. As  
regards automobiles, he said:

"When the gasoline engine was  
first used for automobiles people pro-  
tested they would never come into  
general use because the fuel was not  
readily obtainable. This difficulty  
was overcome by the simple process  
of producing more gasoline and es-  
tablishing supplies in every part of  
the country. The use of electric  
automobiles for touring will grow in  
just the ratio that facilities for re-  
charging storage batteries are ex-  
tended."

## Not Feasible, Is Claim

The use of electric engines for air-  
planes will never become feasible, be-  
cause of the prohibitive weight of the  
batteries, considering their power as  
compared with the power of gasoline  
engines of corresponding weight, he  
said.

Dr. Steinmetz declared that water-  
power could never completely replace  
coal and petroleum products for gen-  
erating electricity, saying that "if  
every drop of rain which falls in the  
United States in a year could be  
transmitted directly into power it  
could not replace our present coal  
consumption." He similarly charac-  
terized the use of the sun's rays,  
tides and the wind for solution of our  
power problems under present con-  
ditions as "dreams," contending that  
the expense of harnessing these ele-  
ments would far outweigh the value  
of the power derived.

## "Possible but Not Probable"

Communication with other planets  
by radio was said by Dr. Steinmetz  
to be "possible but not probable." He  
said a plant of only 100,000 horse-  
power might be sufficient to send an  
electric wave to Mars, but that the  
establishment of actual communica-  
tion would depend not only upon the  
Martians having instruments to re-  
cord the waves, but on there being  
Martians.

"We are still very limited in the  
art of harnessing energy," he said.  
"Our use of coal and other fuel is  
extremely wasteful. Our progress  
in this direction has raised mankind  
from being machines to being ma-  
chine tenders. We have undergone  
a corresponding mental growth. Our  
only limitations are the laws of na-  
ture."

"No one can see into the future.  
But, judging from our remarkable  
mechanical advance in the last cen-  
tury, it seems certain that the time  
will soon come when every household  
in every civilized community will en-  
joy the benefits that can only come  
from electricity."

## PRUSSIAN CABINET TO RESIGN

BERLIN, Feb. 24.—Following the  
elections showing gains for the ex-  
treme right and left the Prussian  
cabinet has decided to resign, it was  
announced today.

## OPPOSES PICTURE CENSOR

WASHINGTON.—Commenting  
upon the proposed state censorship  
of motion pictures by the New York  
legislature, Samuel Gompers de-  
clared: "It will add one more to the  
too long list of repressive and coer-  
cive measures on our lawbooks."

LADIES—Learn our easy system  
of dressmaking and designing, make  
stylish frocks for yourself and fam-  
ily under instructions. Any coat,  
suit or gown reproduced on your ma-  
terials. Instruction rates, \$1 per day;  
hours 10 a. m. to 4 p. m. Glendale  
Studios Dressmaking and Designing,  
103-A North Brand boulevard, Suite  
7.—Adv.

Gene James Ragadores  
wish to announce that there was a  
misunderstanding in connection with  
their Dance of Friday night, Feb. 18,  
1921, at Park avenue and Brand  
boulevard, and that another an-  
nouncement will appear in this paper  
as to when and where the next dance  
will be held.

## TEACHERS' CLUB

PATRIOTIC MEETING IS HELD  
AND ENJOYABLE PROGRAM  
IS WELL PRESENTED

The Glendale City Teachers' club,  
of which Miss Clara Midealt is pres-  
ident, entertained members and  
friends of the Parent-Teacher asso-  
ciations and also the High School  
club Monday night, February 21.

As the event was on the eve of  
Washington's birthday it was in the  
form of a Colonial reception, follow-  
ed by an excellent program toward  
which each school contributed. A  
note of patriotism was shown, not  
only in the decorations, but in many  
of the numbers.

After the program light refresh-  
ments were served. Two hundred  
and fifty guests were present. Offi-  
cers of the club and principals of the  
schools assisted in receiving the  
guests. Miss Ida Waite was chair-  
man of the social committee. The  
program committee was in charge of  
Mrs. Stone.

## Moves As Recorded By Service Bureau

Residents of Glendale who are  
moving this week, as recorded by the  
public service department at the city  
hall, follow:

M. B. Dewar, 131 North Adams to  
347 Oak; H. E. Alexander from 745  
East Wilson; A. Milligan; 356-A  
West Harvard to 335 West Windsor.  
Installation or service ordered by  
the following: R. J. Gleason, 1314  
East California; H. Weber, 600 Myr-  
tle street; Emmett M. Hicks, 523  
North Maryland; F. W. Jennings, 114  
West Eulalia; W. H. Ward, 110  
North Belmont; Mildred Hurst, 306  
East Lomita; F. W. Taylor, 509 East  
Harvard; H. J. Simpson, 319 West  
Salem, and Royal Coffee Shop, 212  
South Brand.

## Will Dress Russia In American Garb

NEW YORK.—The Russian Work-  
ingmen's Mutual Aid Society of  
America, with headquarters in New  
York, has decided to establish a co-  
operative tailor shop for the manu-  
facturing of men's and women's  
ready-made garments, and to equip  
it with the latest machinery. It is  
also planned to give instruction in  
the needle trade, with a view toward  
sending the instructed pupils to Rus-  
sia, equipped with the proper Ameri-  
can machinery, where they may start  
manufacturing in the American sys-  
tem. It is expected that the first  
party of Russian-American tailors  
will be ready to leave within the next  
few months. The society is now rais-  
ing \$35,000 to carry on the work.

## WARNS OF PROPAGANDA

INDIANAPOLIS.—As the result of  
mass meetings held in several large  
cities of the United States, American  
Legion posts were requested to watch  
for a revival of German propaganda  
activities intended to disrupt the ac-  
cord between the United States and  
the allies, particularly France and  
Great Britain.

## Burglars Are Getting Bold

Do you know that there are more burglaries than  
fires?

That the cost of protecting your household goods,  
silver, etc., is only a few cents a day.

That with a burglary policy you may save your life.  
Let the intruder take the goods, and let the insur-  
ance company pay the claim.

Burglaries are so frequent we SUGGEST ACTING  
QUICKLY.

Come to an old established firm who have been in  
the insurance business for 23 years in this county  
and you will go home and rest easy.

## Dog Licks Hand Of Boy, Then Is Freed

CHICAGO—Spug, a black dog  
whose pedigree was mislaid once  
when his master was moving, was  
acquitted of grave crimes when ar-  
raigned before Justice Daniel Mickey  
of Evanston.

Arnold Martin, twelve, son of John  
C. Martin, 921 Tenth street, Evans-  
ton, threw a newspaper up on the  
porch of C. F. Hess, 1335 Gregory  
avenue. When he drew his hand  
back there was something hanging  
on it—Spug. Police took Spug to  
the station house and a warrant was  
issued for Mr. Hess.

Mr. Martin was angry. Mr. Hess  
was indignant. Arnold Martin was  
relenting. Spug wagged his silly  
tail.

Arnold Martin happened to pet  
Spug thoughtlessly, and the dog  
jumped onto his lap and proceeded to  
lick his face and hands frantically.  
The boy laughed, struggling. Mr.  
Martin snickered. Mr. Hess let a  
tear trickle down his cheek, and the  
case was over.

"Discharged," said the court.

## Air Patrols Saved Fortune In Timber

NEW YORK — Airplane patrols  
guarding national forests saved ap-  
proximately \$35,000,000 worth of  
standing timber from forest fires,  
during the last season, according to a  
report of the Manufacturers' Aircraft  
association made public today.

Between 900 and 1000 fires were  
reported by patrols from airplanes  
loaned to the forest service by the  
Army air service. Most of these  
fires it was said, were extinguished  
by ground forces working under di-  
rection of the air patrols.

Efforts are being made by the as-  
sociation, its officers said, to secure  
a larger appropriation from Congress  
in order to carry on and extend the  
patrol work. The work for the most  
part has been carried on in Oregon,  
California, Colorado and other west-  
ern states.

## World To End Just As It Began, Claim

LONDON.—In a sermon on "Chris-  
tian Doctrines in the Light of Evolu-  
tion," at Westminster Abbey, Canon  
Barnes said it was certain that just  
as life began on this earth, so it  
would at some time cease to exist.

"The whole solar system is cool-  
ing, and like a gigantic top is gradu-  
ally slowing down," he said. "The  
heat of the sun and of the earth is  
slowly growing less. Water on the  
top of the earth will be absorbed by  
rocks, the atmosphere, if we can  
judge by the moon, will vanish, and  
the whole process of the biological  
evolution of the earth will become  
extinct."

## Seeks Fortune For Peculiar Agreement

MEMPHIS, Tenn.—Reports of a  
twenty-year romance were heard in  
the federal district court here in the  
trial of the suit of Miss Molly Quirk,  
Milwaukee woman, for a \$260,000  
share in the estate of the late Patrick  
Kallagher, wealthy Memphis man,  
who, according to Miss Quirk, was  
under promise to bequeath his for-  
tune in return for her promise not to  
wed during his lifetime.

Miss Quirk said Kallagher won her  
promise to marry him in 1892, while  
she was a student in a Milwaukee  
convent. At that time Miss Quirk  
was sixteen years old and Kallagher  
thirty-two. Parental objections pre-  
vented the marriage. Miss Quirk ex-  
plained, but during the twenty years  
that intervened until Kallagher's death  
in 1912, his courtship continued. By  
mutual understanding neither mar-  
ried. During Kallagher's long illness,  
preceding his death, Miss Quirk  
nursed him.

## JITNEY BUSES CUT PRICES

MILWAUKEE—Those who risk  
their lives in jitney buses here don't  
have to pay so much for the privilege  
now. They have cut fares from a flat  
8 cents to seven tickets for 50 cents,  
the street car price.

**Bids Being Sought For New Church  
Of Holy Family, Most Imposing Building**

**PROPOSED EDIFICE FOR CHURCH OF THE HOLY FAMILY**  
To be erected on Elk street at Louise, within the next few months. It will be of Spanish Renaissance architecture and the estimated cost is about \$100,000.

A stately edifice of Spanish Renaissance architecture is to rise on Elk avenue at Louise within the next few months, bids having already been sought by the Right Rev. John J. Cantwell, bishop of Monterey and Los Angeles, for the Church of the Holy Family, of which Rev. James O'Neill is pastor.

The seating capacity of the sanctuary will be 550, with provisions made for a choir of fifty. There will be a large sacristy for the priest and one for the altar boys. The estimated cost of the improvements will be more than \$100,000.

The church property, which extends through to Lomita, will also be improved with a parochial school facing on Louise street.

Full chimes will be installed in the Spanish tower with its bell shaped dome covered with golden tile and a few pattering pieces of blue and green. When completed and decorated, says The Tidings, the Catholic organ, the church will be one of the most imposing religious edifices in southern California.

**GET FULL POWER**

**HARDING, WHEN PRESIDENT, IS NOT TO INTERFERE WITH HIS OFFICIAL FAMILY**

By **RAYMOND CLAPPER**  
United Press Staff Correspondent  
ST. AUGUSTINE, Fla., Feb. 24.—Cabinet members appointed by President-elect Harding have been given the definite assurance that they are to be "their own bosses."

Harding, it was learned authoritatively today, has informed Herbert Hoover that, if he accepts the cabinet appointment which has been tendered him, his mind will not be expected to run along that of the president at all times.

The same word has been given all other cabinet appointees. Harding informed them that they will be held responsible for the conduct of their respective departments, but that they are to name their own assistants, map out their policies along a line consistent with the pledges of the public without fear of being overruled by the White House.

**Two Important Decisions**

Harding acted on this policy in two important decisions affecting the state department. His first action after announcing that Charles E. Hughes had been named secretary of state, was to leave the room to give Hughes opportunity for a confidential talk with newspapermen. Then he told Hughes to name his own man for under-secretary of state. Hughes named Henry P. Fletcher. "I told Mr. Hughes that I would appoint whoever he wanted for that post," Harding said later.

Harry M. Daugherty is making his own selection for solicitor-general and assistant attorney-general. Harding will o. k. them.

**Opposes One-Man Rule**

Harding has repeatedly said: "I am opposed to one-man government," and it is carrying out this principle that he is giving his cabinet members so much latitude. He considers himself, it may be stated authoritatively, only one of a group of men who have been entrusted with the government for four years.

Harding conferred with Walter F. Brown, Toledo, and worked on the draft of his inaugural address. He is ready to meet Edwin Danby, Michigan, his choice for secretary of the navy, who is en route here.

**\$10 Year Tax Upon Bachelors Is Urged**

MADISON, Wis.—A tax of \$10 a year on bachelors and widowers was proposed in a bill introduced in the general assembly by H. M. Marks.

Bachelors between the ages of 31 and 55 years are eligible for membership on the assessor's rolls. After a bachelor reaches the age of 55 years the bill exempts him, Marks holding to the theory that matrimony after that age is an adventure that should not be encouraged by the state.

**GLENDALE PEOPLE PREVENT APPENDICITIS**

Many Glendale people are using simple glycerine, buckthorn bark, etc., as mixed in Adler's-Ika. This flushes BOTH upper and lower bowel so completely it removes all foul, accumulated poisons from alimentary canal and prevents appendicitis. Adler's-Ika relieves ANY CASE gas on stomach or sour stomach. Often CURES constipation. In one case of chronic stomach trouble ONE bottle produced wonderful results.—Roberts & Echols, druggists.

**LEGISLATURE**

**STATE LAWMAKERS IN SESSION AND KING BILL IS MOST IMPORTANT TOPIC**

SACRAMENTO, Feb. 24.—The California legislature gets down to business again today after the thirty-day constitutional recess.

The King bill to increase the tax on public utility corporations occupies the center of the stage, but the King bill is only one of 2285 measures before the legislature.

And those 2285 bills provide for everything from reappointment to a measure forbidding hip pockets in men's trousers.

The King bill fight which occupied the attention of the state administration and of the corporations in a debate during the constitutional recess, today had become a struggle for delay.

**Quick Action Necessary**

U. S. Webb, attorney general, has announced that the bill must be passed by the first Monday in March, or it cannot become effective until next year.

The senate and assembly revenue and taxation committees refused last night to go into the question of the budget before taking the King bill. Interests opposing the measure have been charging unwarranted expense in the budget and declare that state expenses can be pruned enough to solve the financial problem without a material increase in corporation tax rates.

A debate between Clyde Seavey, of the state board of control, defending the King bill, and William Sproule and Paul Shoup of the Southern Pacific; W. E. Kamp of the Santa Fe; Wigginton E. Creed, of the Pacific Gas and Electric company and John S. Drumm, all opposing the King bill, featured the committee meeting yesterday.

**Keep Short Selling, Is Advice Announced**

ST. PAUL.—Elimination of "short selling" of grain "would in my best judgment destroy the present ready market for grain," Julius H. Barnes told the Minnesota senate's committee on agriculture, which is considering a bill to prohibit trading in futures.

Mr. Barnes said that to wipe out the futures hedging system would be to "destroy the fabric which the sponsors of the bill aim to remedy."

The American system of marketing grain, he asserted, despite defects, "is the greatest ever devised." He minimized the effects of "objectionable" features of the system, admitting futures trading to be one of them. He contended that these defects were rapidly being eliminated, and urged that the grain trade, "with its great record of service, be permitted to work out its own problem."

The farmer, he said, should not be forced, through financial considerations, to market his grain at a time and at a price "against his better judgment." He suggested a system of negotiable storage tickets, guaranteed by a large indemnity company, which would give the farmer adequate "borrowing power and place him on a par with the merchant who buys the grain."

Trading in futures, Mr. Barnes declared, he regarded as an "insurance" against depression of prices to "unduly low levels" under pressure of the necessity of marketing 75 per cent of the crop immediately after the harvest.

**MISS KIRK BRIDE**

**WEDDED TO EDWARD E. KENT OF LOS ANGELES; ABOUT THIRTY AT CEREMONY**

Etta Ray Kirk, youngest daughter of Mr. and Mrs. W. S. Kirk of 1129 East Colorado street, was united in marriage to Edward Eaton Kent of Los Angeles at the home of the bride's parents last night. Rev. J. Whitcomb Brougher of Los Angeles read the service.

The ceremony was simple, but very impressive. The thirty guests who witnessed the ceremony were all relatives of the bride and bridegroom. The bride wore a white satin gown and tulle veil which had been worn by each of her sisters at their weddings. The veil was caught with real orange blossoms. The bride's bouquet was of bride's roses and lilies of the valley.

The bride entered on the arm of her father and met the bridegroom under a canopy of trailing jasmine and white carnations. Mrs. E. Kirk Smith, a sister of the bride, played the wedding march.

**Delightful Decorations**

The French doors between the living room and sun room had been partly opened and trailing jasmine, studded with white carnations, was draped from one door to the other. From this extended the canopy of greenery and flowers under which the ceremony was performed.

After the congratulations and best wishes of the guests had been received, Mr. and Mrs. Kent led the guests to the dining room, where the bride's cake was cut and refreshments served.

After a short honeymoon the couple will be at home at 1018 East Harvard street, Glendale.

Mrs. Kent wore a going-away suit of dark brown, with hat, shoes and gloves to match.

**Certificates as Teacher**

The bride was born in Denison, Texas, twenty-two years ago, and after graduating from the high school of that city came to Los Angeles and attended the state normal school, from which she received general profession and special music certificates of teaching. Last year she taught at La Habra. This year she is a teacher at the Central avenue school and also has a large class of music pupils. She will continue her work after her return.

Mr. Kent was born in Siftka, Alaska, where his parents were missionaries. When he was a small boy they came to Los Angeles, where he finished his education. He is employed as salesman for the American Multigraph company in Los Angeles.

Mrs. W. C. Reardon, another sister of the bride, sang during the evening.

Mrs. W. S. Kirk was very lovely in her gown of blue satin and white lace with corsage bouquet of sweet peas.

**TALKS INTEREST**

**MRS. MARGARET CAMPBELL AND MRS. MAY LEE SPEAKERS AT P. E. O. MEETING**

Chapter L, P. E. O., met at the home of Mrs. Evangeline Smith, 416 West Wilson avenue, at 2:30 p. m. Wednesday. Business occupied the first part of the afternoon, after which the chapter listened to a delightful program in charge of Mrs. Margaret Campbell. The subject was "Religious and Reform Leaders."

Mrs. May Lee gave a talk on the life and work of Frances Willard. Mrs. Margaret Campbell talked on the life and work of General Booth of the Salvation Army. Both were splendid talks and very helpful.

After the program, dainty refreshments were served by the hostess, Mrs. Evangeline Smith, assisted by her mother, Mrs. Edith Huntley. Spring flowers were used as decorations in the living and dining rooms.

**200,000 Men Work For Support Rats**

WASHINGTON—You can save \$2 by killing a rat.

The United States government says so.

"This country produces \$2,000,000,000 worth of food annually to feed our rats," W. B. Bell of the Biological survey declares. "In another way, 2,000,000 men in the United States are devoting their labor to maintaining 100,000,000 rats."

Bell then sent out the following rat facts:

That they have caused more deaths than all wars.

Carry bubonic plague and other diseases almost as fearful.

Are man's most dangerous animal or insect enemy.

Breed five or six times a year; producing about 10 each litter.

Bell recited that rat borne diseases had cost 9,000,000 lives in India in one epidemic and about 25,000,000 in Europe through the "Black Death." Rats like David Harum's dog, have enough fleas to "keep 'em from worryin' over just bein' a rat." Bites of these fleas, he said, spread bubonic plague.

**NOTED COMPOSER IS DEAD**

ST. LOUIS—Mrs. Jessie Smith Gaynor, 58, noted as a composer of children's songs, is dead.

THIS IS A STUDEBAKER YEAR

**35-Pound Limit Is On Love Stationery**

WASHINGTON—How much stationery do you use during the year?

This doesn't apply to those young fellows who have to leave the town where their sweethearts live. They take unfair advantage of the paper shortage anyhow. Nor to amateur scenario writers and novelists.

Anyhow, if you are an average American citizen you are entitled to thirty-five pounds of paper a year. This figure is the result of study by the department of agriculture, which is investigating the paper shortage problem. The department predicts acute shortage within a few years unless reforestation measures are now taken in the districts which are now being most heavily drawn upon for paper pulp wood.

**Pennsylvania Given High Mark In Roads**

HARRISBURG, Pa.—The state highway department of Pennsylvania during the 1920 construction season built approximately 410 miles of concrete roadway eighteen feet in width. This is a world's record for one season for this type of highway.

In 1919 the Pennsylvania highway department completed 253 miles of concrete roadway. The maintenance forces of the state highway department during 1920 entirely resurfaced 377 miles of macadam highway and surface treated 1480 miles of the same type of thoroughfare. In all, the forces of this department maintained 9503 miles of roadway. Of this mileage 463 miles were in boroughs and on state-aid roads.

**2933 Koreans Slain By Japanese, Charge**

SHANGHAI—The Korean Red Cross in Shanghai has made public a statement charging that Japanese forces killed or injured 2933 Koreans on Chinese soil in Manchuria in the period from October 9 to November 5 last year. The number of houses and dwellings said in the statement to have been destroyed is 1982, the number of churches burned, twenty-five, and schools nine.

Philip B. Loh, head of the Korean Red Cross, said the record had been compiled in six counties.

**BURGLAR GIVES RIGHT ADDRESS**  
BUFFALO—Boy, page Diogenes, Philip Buch found a burglar in his home, took his name and address and let him go. Police found the address to be correct and arrested Joseph Mellody.

**Comedian, Blind, But Continues To Perform**

WASHINGTON—Ben Welch, comedian, who knew his part so well he "could do it in the dark," will play in the dark the rest of his life, eye specialists said here.

For four weeks Welch has been blind, it was learned, when specialists announced no hope for restoration of his eyesight. Welch, who is playing in a musical comedy, had appeared regularly without his infirmity being detected from the audience. He was led to the wings to catch his "cue" and then stepped on a carpet on which he sang and danced his part. He is forty-five years old.

**Women More Truthful Says This Official**

BUFFALO—A man will commit perjury with an easier conscience than a woman, in the belief of Mrs. Ogilvie, woman Canadian customs inspector at Bridgeburg, Ont. When Mrs. Ogilvie passes through trains bound for the United States, she asks passengers if they have any dutiable goods. If they reply in the negative, she produces a bible and asks them to repeat their statements under oath.

A large number of the women passengers, rather than deliberately tell a falsehood under oath, then admit they have dutiable goods, said Mrs. Ogilvie. But the man don't hesitate so much in telling a lie.

**Social Leader Drops Bridge For Perfumes**

NEW YORK—A love of sweet odors led Mrs. Charles DeL Oelrichs, New York society woman, to forsake the bridge table, the opera and the ballroom to become superintendent of a company that deals in perfumes.

Mrs. Oelrichs has her chauffeur bring her down in her motor car at 10 o'clock in the morning and frequently remains at her desk until 6 o'clock. Her usual costume is a smart afternoon gown and she has been in charge of the retail department for about two months.

**LETTER VISITS MANY CITIES**

ORROVILLE—George Dyer was in Siberia on February 10, 1918. He wrote a letter to his wife here. Dyer returned yesterday and went to the postoffice for his mail. He was given the letter he wrote three years ago and the postmarks showed it has been in every city of any size in Siberia.

**Find Cannonballs Of Battle Of Brandywine**

WESTTOWN, Pa.—Two cannon balls, believed to have been used by the Americans in the battle of Brandywine, were sold for five cents each at a public sale here recently. The balls, which are made of iron and battered by contact with stones, weighed one and three pounds respectively. They were discovered by a farmer while digging post holes. The farm is located on a ridge on which a portion of the Brandywine battle was fought, and which was occupied by Lord Cornwallis' troops September 11, 1777.

**Lad Of 17 Licensed By Methodist Body**

MIDDLETOWN, N. Y.—One of the youngest persons ever licensed to preach in this state has received an exporter's license from the quarterly conference of the Methodist church at Margaretville, Delaware county.

He is Edgar Austin, the 17-year-old son of Mr. and Mrs. W. T. Austin of Margaretville.

The lad has begun a theological course in a Vermont college, and it is believed he will be able to complete the course in much less time than is ordinarily the case.

**Building Highway Through Sky Route**

WASHINGTON—America's first model aerial highway will be constructed early this year, the United States Air Service declared today.

The airway will connect Washington and Dayton, Ohio, this statement said, and will be provided with landing fields at 15-minute flight intervals. The fields all will be equipped with radio control stations, night navigation aids, housing and maintenance equipment—accommodation that will make general travel over the route safer, the announcement said, than auto touring by road.

The primary purpose of the airway will be to demonstrate the value of such routes not only for commercial use but for national defense, and to test whether they should be subject to federal interstate legislation rather than state control.

Being without authority to purchase ground for landing fields, the Air Service is co-operating with local chambers of commerce and private companies to organize the first route, it was said. Nearly a hundred landing fields not part of Air Service property already are charted.

## RESOLUTION NO. 1163

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE CALLING A SPECIAL ELECTION TO BE HELD ON THE 10TH DAY OF MARCH, 1921, IN THAT CERTAIN TERRITORY CONTAINED WITHIN THE BOUNDARIES OF PROPOSED MUNICIPAL IMPROVEMENT DISTRICT NO. 3 OF SAID CITY, PROVIDING FOR SUBMITTING TO THE QUALIFIED ELECTORS OF SAID DISTRICT THE PROPOSITION OF INCURRING A DEBT BY ISSUANCE OF BONDS OF SUCH DISTRICT FOR THE PURPOSE OF THE ACQUISITION AND CONSTRUCTION OF WORKS FOR THE COLLECTION AND DISPOSAL OF SEWAGE FROM SAID DISTRICT INCLUDING THE ACQUISITION OF LANDS, EASEMENTS, AND RIGHTS OF WAY, AND THE CONSTRUCTION OF PIPE LINES, MANHOLES, FLUSH-TANKS, SEPTIC TANKS, CESSPOOLS AND OTHER WORKS AND APPURTENANCES NECESSARY FOR SUCH PURPOSE; PROVIDING FOR THE ISSUANCE AND SALE OF SUCH BONDS FOR SUCH PURPOSES AND FOR THE LEVYING OF A TAX FOR PAYMENT OF SUCH BONDS; AND ESTABLISHING ELECTION PRECINCTS AND POLLING PLACES IN SAID TERRITORY AND APPOINTING THE OFFICERS OF ELECTION FOR SAID SPECIAL ELECTION.

WHEREAS, On the 20th day of January, 1921, a petition was filed in the office of the City Clerk of the City of Glendale and ex-officio clerk of the legislative body of said city, to-wit: the Board of Trustees of said city, requesting that proceedings be taken under the provisions of an act of the Legislature of the State of California entitled, "An act to provide for the Formation of Districts Within Municipalities for the Acquisition or Construction of Public Improvements, Works and Public Utilities; for the Issuance, Sale and Payment of Bonds of Such Districts to Meet the Cost of Such Improvements, and for the Acquisition or Construction of Such Improvements," approved April 20th, 1915, for the purpose of the acquisition and construction of works for the collection and disposal of sewage from said district including the acquisition of lands, easements, and rights of way, and the construction of pipe lines, manholes, flush-tanks, septic tanks, cesspools and other works and appurtenances necessary for such purpose; and said petition was signed by not less than ten (10%) per cent of the qualified electors of the territory so proposed to be formed into said Municipal Improvement District No. 3, and

WHEREAS, In pursuance of said petition and of the act of April 20th, 1915, the Board of Trustees of the City of Glendale on the 3rd day of February, 1921, passed an ordinance designated as "Ordinance No. 421 of said city containing the matters prescribed by said act and declaring the intention of the Board of Trustees to call an election in that part of the City of Glendale contained within the boundaries of said proposed municipal improvement district to be known as 'Municipal Improvement District No. 3 of the City of Glendale,' for the purpose of submitting to the qualified electors of said district the proposition of authorizing the issuance and sale of bonds of such district in the manner provided for in said act, to meet the cost of said proposed improvement" and said ordinance was approved and adopted by the Board of Trustees of said City on the 3rd day of February, 1921, and was thereafter duly published as provided by law; and

WHEREAS, Protests were filed with the said City Clerk on or before the 17th day of February, 1921, which last named day was the time set in and by said Ordinance No. 421 for the hearing of protests; and

WHEREAS, said protests were overruled after hearing by said Board on the 17th day of February, 1921, and thereupon the Board of Trustees of said City of Glendale acquired, and now has jurisdiction to proceed further in accordance with the provision of said act:

Now, Therefore, the Board of Trustees of the City of Glendale, do resolve as follows, to-wit:

SECTION 1. That a special election be, and the same is hereby called to be held on the 10th day of March, 1921, within proposed Municipal Improvement District No. 3 of the City of Glendale, the exterior boundaries of which district are contained in said ordinance of intention and hereafter described, for the purpose of submitting to the qualified electors in said district the proposition of incurring a debt for the issuance of bonds of such district for the purposes set forth in said ordinance of intention and hereinafter stated: The exterior boundaries of said district being particularly described as follows, to-wit:

Beginning at a point in the northerly line of Lot 14, Hodgkins Subdivision, as per map recorded in Book 5, Page 576, Miscellaneous Records of Los Angeles County, California, two hundred (200) feet easterly from the northwest corner thereof; thence northeasterly in a direct line to a point in the southwesterly line of Lot 4, Tract No. 1191, as per map recorded in Book 17, Page 164 of Maps, Records of Los Angeles County, one thousand two hundred forty (1240) feet southeasterly from the most westerly corner of said Lot 4; thence northeasterly in a direct line to a point in the northeasterly line of said Lot 4, one thousand two hundred forty (1240) feet southeasterly from the northwest corner thereof; thence northerly in a direct line to a point in the northerly line of Lot 3 of said Tract No. 1191, one thousand two hundred twenty (1220) feet easterly measured thereon from the northeast corner of said Lot 3; thence northerly in a direct line to a point in the northerly line of Lot 2 of said Tract No. 1191, one thousand two hundred forty (1240) feet easterly from the northwest corner thereof; thence northerly in a direct line to a point in the northerly line of Lot 1 of said Tract No. 1191, one thousand two hundred twenty (1220) feet easterly

from the northwest corner thereof; thence northerly in a direct line across Tract No. 675, as per map recorded in Book 16, Page 200 of Maps, Records of Los Angeles County to a point in the north line of said Tract No. 675, one thousand two hundred ten (1210) feet easterly from the northwest corner thereof; thence northerly in a direct line to the most easterly corner of Lot 1, Tract No. 656 as per map recorded in Book 15, Page 117 of Maps, Records of Los Angeles County; thence northerly in a direct line to a point in the southerly line of Lot 7, Verdugo Estate, as per map recorded in Book 12, Pages 34 and 35 of Maps, Records of Los Angeles County, one hundred and thirty (130) feet easterly from the most southerly corner of said Lot 7; thence northerly in a direct line to a point in the southerly line of Lot 2 of Tract No. 1278 as per map recorded in Book 18, Page 25 of Maps, Records of Los Angeles County, one thousand two hundred and ten (1210) feet easterly from the northwest corner thereof; thence northerly in a direct line to a point in the southerly line of Lot 1 of said Tract No. 1278, one thousand three hundred twenty (1320) feet measured thereon, from the easterly line of Verdugo Canon Road; thence northerly in a direct line to a point in the northerly line of said Lot 1, Tract No. 1278, one thousand two hundred sixty (1260) feet measured thereon from the easterly line of Verdugo Canon Road; thence northerly in a direct line to the most northerly corner of Lot 4 of the aforesaid Verdugo Estate; thence northerly in a direct line to a point in the southerly line of Lot 2 of said Verdugo Estate one thousand five hundred ninety-three and fifty-two hundredths (1593.52) feet easterly measured thereon from the easterly line of Verdugo Canon Road; thence easterly along the southerly lines of said Lot 2, nine hundred eighty-eight and two hundredths (988.02) feet to a point; thence northeasterly in a direct line to a point in the southerly line of Tract No. 919 as per map recorded in Book 18, Page 78, of Maps, Records of Los Angeles County, two thousand seven hundred twenty-five and seventy-two hundredths (2725.72) feet westerly from the most easterly corner thereof; thence northerly along the westerly line of Lot 4 of said Tract No. 919, seven hundred sixty-five and seventy-seven hundredths (765.77) feet to the northerly line of said Tract No. 919; thence westerly along the northerly line of Lot 3 of said Tract No. 919 to the northwesterly corner of said Lot 3; thence northerly in a direct line to a point in the southerly line of the George Le Mesnager one hundred sixty-four and sixty-five hundredths (164.65) acre tract as per map recorded in Book 36, Page 27, Miscellaneous Records of Los Angeles County, one thousand one hundred eighty (1180) feet west of the southeast corner of said George Le Mesnager Tract; thence northerly in a direct line to a point in the northerly line of Charles Castera one hundred sixty-four and sixty-five hundredths (164.65) acre tract as per map recorded in Book 36, Page 27, Miscellaneous Records of Los Angeles County, one thousand one hundred eighty (1180) feet west of the southeast corner of said George Le Mesnager Tract; thence northerly in a direct line to a point in the northerly line of Charles Castera one hundred sixty-four and sixty-five hundredths (164.65) acre tract; thence due south to the most northerly corner of R. Laronde twenty-three and fifty hundredths (23.50) acre tract as per map recorded in Book 36, Page 71, Miscellaneous Records of Los Angeles County, thence northeasterly along the northerly line of said R. Laronde twenty-three and fifty hundredths (23.50) acre tract to a point six hundred (600) feet northwesterly from the most easterly corner thereof; thence southwesterly in a direct line to a point in the northerly prolongation of the easterly line of the Catalina Verdugo thirty-six and ten hundredths (36.10) acre allotment as per map recorded in Case No. 1621 of the District Court of Los Angeles County, California, one thousand one hundred fifty (1150) feet southeasterly from its intersection with the southerly line of Glendale Avenue; thence easterly in a direct line to a point in the west line of Verdugo Road one thousand three hundred eighty (1380) feet northerly measured along said westerly line from the northwest corner of Verdugo Road and Monterey Road; thence northerly along the westerly line of Verdugo Road and the easterly boundary line of the City of Glendale to a point in the northerly line of Lot 36 Watts Subdivision as per map recorded in Book 5, Page 328-329, Miscellaneous Records of Los Angeles County; thence easterly along the northerly line of said Lot 36 and the northerly line of Lot 14 of aforesaid Hodgkins Subdivision to the point of beginning.

SECTION 2. The objects and purposes for which said proposed indebtedness is to be incurred are the acquisition and construction of works for the collection and disposal of sewage from said district including the acquisition of lands, easements, and rights of way, and the construction of pipe lines, manholes, flush-tanks, septic tanks, cesspools and other works and appurtenances necessary for such purpose.

SECTION 3. That the estimated cost of said proposed improvement is \$50,000.00, that the amount of the principal of indebtedness proposed to be incurred is the sum of \$50,000.00 and the rate of interest to be paid on said indebtedness shall be six (6%) per centum per annum, payable semi-annually.

SECTION 4. The polls of said election shall be opened at 6 o'clock a. m., of the day of the election and shall be kept open until 7 o'clock p. m., when the polls shall be closed, except as provided by Section 1164 of the Political Code of the State of California.

SECTION 5. That there shall be printed on the ballots to be used at said special election, in addition to the other matters required by law,

the following proposition to be voted on, to-wit:

"Shall that certain proposed Municipal Improvement District known as Municipal Improvement District No. 3 of the City of Glendale, incur a bonded debt of \$50,000.00 for the purpose of acquiring and constructing works for the collection and disposal of sewage from said district, including the acquisition of lands, easements and rights of way, and the construction of pipe lines, manholes, flush-tanks, septic tanks, cesspools and other works and appurtenances necessary for such purpose?"

That opposite the above proposition to be voted on, and to the right thereof, the words "Yes" and "No" shall be printed on separate lines with voting squares thereafter.

SECTION 6. For the purpose of holding and conducting said special election, said district as above described shall constitute one election precinct denominated as Special Election Precinct No. 1 and the following polling place in said precinct is hereby designated and the following named election officers therefor are hereby designated, to-wit:

Special Election Precinct No. 1:  
All of said Municipal Improvement District No. 3.  
Polling Place: Real estate office situated on Bonita Drive between Camulos Avenue and Opheche Way.  
Inspector: C. L. Chandler.  
Judge: H. B. Crocker.  
Clerk: Mrs. Grace M. Cleveland.

SECTION 7. That in all particulars not recited in this resolution, such election shall be held and conducted as provided by law for holding general municipal elections in said City of Glendale.

SECTION 8. The City Clerk shall certify to the passage of this resolution by the Board of Trustees of the City of Glendale and cause the same to be published five times in the "Glendale Evening News," a daily newspaper printed, published and circulated in the City of Glendale.

DWIGHT W. STEPHENSON,  
President of the Board of Trustees of the City of Glendale.  
Attest: J. C. SHERER, City Clerk of the City of Glendale.

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing resolution was adopted by the Board of Trustees of the City of Glendale at a regular meeting thereof held on the 17th day of February, 1921.

J. C. SHERER,  
City Clerk of the City of Glendale.

## MASS MEETING

### CROWDED CONDITION OF CITY GRADE SCHOOLS WILL BE GIVEN CONSIDERATION

(Continued from Page One)  
It is hoped by Mr. White that prior to the date of the election something decisive may have been decided by the school patrons as to what they want in the way of improvements, so that remedial propositions may be presented to the voters.

**Intermediate Addition Filled.**  
Briefly describing the crowded conditions in the various city schools, Superintendent White said: "The last addition to the Intermediate building on Wilson avenue, which gave us four more rooms the first of the month, has already been filled, as we were using ante-rooms for class rooms prior to its completion. With the opening of school in this coming fall there will be insufficient accommodations."

"At the Columbus avenue school there are forty to forty-five pupils in each room, while the state school law provides that not more than forty be permitted in one room except where emergencies exist. We have constructed that Glendale's rapid growth constitutes an emergency, but it is certain that the crowding cannot go further."

"The new Broadway school, which was only recently dedicated, was planned for ten rooms. Due to the high costs of building the money derived from the bonds set aside for this work permitted but an eight-room structure. There, too, the overflow is noticeable in that the janitor's storeroom is being used for classes."

**Use Shed to House Pupils.**  
"At the Little two room Acacia avenue school a shed is being used to house the pupils. The Cerritos avenue and Doran street schools are also crowded. Similar conditions exist at the Colorado school. In one instance the library is being used, while there are makeshifts in practically all mentioned to accommodate the great number of children who come to us for education—and we cannot turn them away."

"In only two schools are conditions satisfactory. The Central avenue building is well filled and the Magnolia street school has one vacant class room. However, the latter is in the industrial district and is expected soon to be crowded."

**PROFITS FOR BALDWIN WORKS.**  
Samuel M. Vaulcin, president of the Baldwin Locomotive works, in his annual report to stockholders, predicted the works would be operated this year on the same percentage of capacity as in 1920 and declared that he "looks forward with confidence to an early stabilization of business."

The report showed surplus of \$1,628,518, compared with \$4,771,243 for 1919, and net cash profit of \$4,428,518.

Gross sales showed a decline to \$73,542,666 from \$84,307,777 in 1919.

Five hundred and thirty miles of hard road were built in Illinois in the last two years. Pennsylvania built fifty miles more than the Suck-er state.

the following proposition to be voted on, to-wit:

"Shall that certain proposed Municipal Improvement District known as Municipal Improvement District No. 3 of the City of Glendale, incur a bonded debt of \$50,000.00 for the purpose of acquiring and constructing works for the collection and disposal of sewage from said district, including the acquisition of lands, easements and rights of way, and the construction of pipe lines, manholes, flush-tanks, septic tanks, cesspools and other works and appurtenances necessary for such purpose?"

That opposite the above proposition to be voted on, and to the right thereof, the words "Yes" and "No" shall be printed on separate lines with voting squares thereafter.

SECTION 6. For the purpose of holding and conducting said special election, said district as above described shall constitute one election precinct denominated as Special Election Precinct No. 1 and the following polling place in said precinct is hereby designated and the following named election officers therefor are hereby designated, to-wit:

Special Election Precinct No. 1:  
All of said Municipal Improvement District No. 3.  
Polling Place: Real estate office situated on Bonita Drive between Camulos Avenue and Opheche Way.  
Inspector: C. L. Chandler.  
Judge: H. B. Crocker.  
Clerk: Mrs. Grace M. Cleveland.

SECTION 7. That in all particulars not recited in this resolution, such election shall be held and conducted as provided by law for holding general municipal elections in said City of Glendale.

SECTION 8. The City Clerk shall certify to the passage of this resolution by the Board of Trustees of the City of Glendale and cause the same to be published five times in the "Glendale Evening News," a daily newspaper printed, published and circulated in the City of Glendale.

DWIGHT W. STEPHENSON,  
President of the Board of Trustees of the City of Glendale.  
Attest: J. C. SHERER, City Clerk of the City of Glendale.

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing resolution was adopted by the Board of Trustees of the City of Glendale at a regular meeting thereof held on the 17th day of February, 1921.

J. C. SHERER,  
City Clerk of the City of Glendale.

## STATISTICAL FACTS

### MATTERS OF INTEREST WHICH ARE BASIS FOR QUESTIONS MANY TIMES DAILY

Believing that the many new residents of Glendale are vitally interested in the statistical facts concerning the city of their adoption, The Evening News presents below a few concrete items of this kind. These all pertain to matters concerning which many inquiries are made by newcomers:

Population, 1910	2,742
Population, 1920	13,356
Population, 1921	15,657
Per cent of increase	393
Area in square miles	11.7
Miles of paved streets	60
Miles of unpaved streets	30

### Assessed Valuation of Property

Last fiscal year	\$5,504,481
Present fiscal year	9,384,525
Increase	3,880,054

### Altitude at Various Points

Brand and San Fernando	440
Broadway and San Fernando	470
Brand and Broadway	540
City Hall	560
Broadway and Glendale	565
Brand and Dryden	570
Brand and Mountain	600

## Betty Compson Shown

### In Prisoners Of Love

Betty Compson, whose meteoric rise to stardom was the result of her remarkable portrayal of the role of the girl in the George Loane Tucker production of "The Miracle Man," makes her initial stellar appearance in "Prisoners of Love," which will be presented at the Palace Grand today and tomorrow. The picture was personally produced by Miss Compson, who is now at the head of her own company. She is well known here, having played in productions made in Glendale.

The story is taken from one of the works of Catherine Henry, and contains innumerable tense dramatic situations.

As Blanche Davis, Miss Compson portrays the role of a girl born of wealthy and cultured parents with a dangerous degree of attractiveness. Discovering her father buying the silence of an adventuress who has become part of his life, Blanche flees to San Francisco, where she obtains employment in the law offices of Martin Blair and James Randolph. The latter seeks to marry her, but his mother, an invalid since his birth, selfishly compels her to promise that she will not take her son from her.

And even death's swift intervention fails to solve the riddle of "Prisoners of Love."

## TRUCK FOR MAIL

DODGE COMMERCIAL CAR IS SECURED BY DR. HARROWER TO HANDLE BUSINESS

To handle mail matter arriving and dispatched from one Glendale industry, a Dodge commercial truck has been sold by George E. Clayton, local dealer.

Dr. Henry R. Harrower is the purchaser and the machine will be used in connection with the Harrower Laboratory, which is one of the largest patrons of the postoffice here.

While building up his remarkably large clientele in the profession throughout the United States and in foreign countries, Dr. Harrower has been a consistent advocate for an independent postoffice here. At present it is a sub-station of Los Angeles.

Through his personal efforts there have been several improvements in the service, including the dispatching of mail on the Owl, San Francisco-bound train, here each afternoon. In order to get this concession from the postal department, he visited Washington.

## Southern California

### Helps for Farmers

Tractor demonstrations by Prof. L. J. Fletcher of the University of California division of agricultural engineering, which will take place at Grant Chapman place east of Covina, March 7 and 8, and demonstrations of a new system of citrus pruning are announced by the Los Angeles County Farm bureau. A uniform farm wage is another subject taking the attention of farm centers at present.

### Veterans in Need

Los Angeles' Council of Community Service opens a campaign March 1 for \$250,000 to see that disabled and unemployed former service men are properly cared for. Thousands of the veterans are reported in need at the present time and others are actually suffering, it is said.

### Plane Carries 12

Glendale people who attend the auto races Sunday are promised a good look at "Cloudster," the 12-passenger plane built in Los Angeles by David R. Davis and Donald W. Douglas. It will take a party over the race course, having been successfully tried out yesterday.

### Local Pilot Enters

G. G. Budwig, pilot for L. C. Brand's airplanes, is entered in an altitude race—the first ever to be staged—which the Aero Club, of Southern California plans in the near future. Frank Clark and Eric Springer are other entrants. Parachute drop records also are on the same program. Barographs, registering to 36,000 feet, a new acquisition of the club, will be used for the first time in the altitude event.

### Profit for Growers

With water freight rates on lemons reduced from \$1.05 to 70 cents, Southern California to New York, according to announcements made last night, if you see some one take a big bite of lemon and smile—you'll know he owns a few acres and now has some prospect for profitably marketing his crop.

### Heads Grand Army

George M. Burlingame of Pasadena has succeeded Col. George D. Kellogg, deceased, of Newcastle, Cal., as commander of the Grand Army of the Republic for the Department of California and Nevada, by virtue of his office as senior vice-commander. The new commander marched with Sherman to the sea while serving with the sixty-third Ohio Volunteer infantry.

### Bonds for Tunnel

Second street tunnel bonds have been offered for sale by the city of Los Angeles. They cover a twenty-year period. Great interest in Glendale is evinced in the early completion of the tunnel as it will bring the northern part of Los Angeles retail and wholesale district a half mile closer to this city by motorcar.

### MAKING SYNTHETIC FLAVORS

There is danger that one may soon forget the taste of fruit and flavors in general. In the last few years chemistry has made marvelous progress in manufacturing synthetic flavors. It is much cheaper to manufacture the flavor of a peach or an orange than to grow the real original fruit. Since we eat preserved fruits oftener than the real fruit, we are in danger of acquiring a taste of an artificial flavor. Another generation, it is prophesied, will object to the flavor of a peach or a pear as being unnatural. An interesting test has recently been made by analyzing strawberry jam. It was found to contain apples synthetically flavored, while the seeds when analyzed turned out to be clover.

### HEAVY DAMAGE TO FORESTS

Two-thirds of Canada's forests have been destroyed by fire in seventy-five years. At the present rate of consumption the amount of timber burned would have supplied the entire world for 450 years and represents a loss of a billion dollars.

## Much Finer Display Of Fruit And Better Programs Presented At Orange Show

MISS EUNICE LACKEY

Shown in the foreground, offering that Southern California "help herself" to the fruits and the beauties of the Eleventh National Orange Show. "Come on in, the water's fine," she says.

The Eleventh National Orange Show—bigger than any that has gone before—opened in San Bernardino February 18, and will continue until February 28.

In the accompanying picture Miss Lois Young, San Bernardino debutante, is pointing to the feature exhibit of Orange county.

The thousands of boxes of quality

## Employment Office For Boys And Girls

WINNIPEG—The first employment office on the North American continent devoted exclusively to the needs of boys and girls has been opened in Winnipeg. It is a branch of the dominion employment bureau system, which now spans the country and which sounded the death knell of the private employment agency. The new office in Winnipeg works in close cooperation with authorities of the public schools. When a boy or girl finishes the high school course and is ready to enter industry or take up agricultural work the bureau assumes the responsibility of obtaining a desirable connection.

With the rapid development of the rich country along the government-owned lines of the Canadian National railways in western Canada the service which the bureau will render in placing before city boys and girls the advantages of agricultural life, particularly while lands are still cheap, is expected to be of distinct value.

So well is the dominion employment service now organized that it is possible to relieve a labor glut in one district and meet a labor shortage in another within a period of a day or two. The days of private agencies, when workers were sent on "wild goose chases" from one district to another, are past. Provincial laws drove these agencies out of existence.

## May Again Execute Sparrows, Is Plan

SAN DIEGO—"Who killed Cock Robin?"

"I," said the sparrow. "That was only a Mother Goose rhyme, but it fits into the San Diego situation perfectly these days.

The English sparrow, slaughterer of other birds and base marauder of their nests, is far too busy in the Harbor city to suit the authorities. He is breeding with all the rapidity of the guinea pig and is conducting himself in the most atrocious fashion.

Hoping to rid the city of this feathered pest, Webb Toms, county game warden, addressed a letter to the city council, urging united action toward its extermination. He suggests that John Jenks, who at one time was employed by the city as the lord high executioner of English sparrows, be put back on the job, and at once, because this is the breeding season.

Jenks will drive out the sparrows for \$50 Tom says.

### COTTON MILLS MAKE PROGRESS

The first cotton manufacturing mill in China is scarcely more than twenty years old, yet the nation has today 1,250,000 spindles and 5000 power looms, producing annually 250,000,000 pounds of yarn and 60,000,000 yards of cloth.

Try Evening News want ad.

fruit on exhibition at the National Orange Show this year are the finest in the history of the exposition—and they are more elaborate, and the entertainment programs more joy-invoking than ever before.

Last year 160,000 people paid admission to the National Orange Show, and it is freely predicted that more will attend this year.

## Hold Meeting Behalf Of Horse And Mule

An enthusiastic meeting of the horse and mule dealers of southern California was held Saturday night at the City Club, Los Angeles, where resolutions were passed endorsing the movement of stimulating horse and mule breeding in California, and supporting the national move toward the improvement of all grades of livestock.

Among the speakers were Earl Snowden, P. F. Little, George Barks, Perry Low, Frank Oswald and Hamilton Bassett, representing the Horse Association of America and the American Remount association. The principal address of the evening was made by C. E. Nicholls of Alberta, Canada, who operates a large stock and cattle ranch.

The meeting was so well attended and there was so much business to be transacted that it was determined to meet on Thursday, February 24, at the City Club at 6 p. m. All those interested in the horse and mule industry and development are invited to attend.

## New Alps Tunnel Soon To Be Open

ROME—Announcement has just been made that, barring accident, the second tunnel under the Simplon pass, the Alps, and which runs parallel to the present one, will be opened for traffic during the coming summer.

Its operation is expected to stimulate and increase immensely the passenger and merchandise transportation between the channel ports and the Mediterranean and Adriatic.

Work on the second Simplon tunnel has been in progress since 1912. Despite the war a certain amount of work was at all times kept up.

In building the present tunnel, the engineers were able to utilize the gallery which had been built when the first tunnel was constructed for the purpose of ventilating the latter. In fact, the new tunnel is little more than an enlargement and adaptation of this gallery, although the engineering problems involved were fully as great as those of the original tunnel construction.

The first tunnel was pierced at a cost of over \$15,000,000, whilst the second will cost only about \$7,000,000.

The two tunnels now have a total of about twelve and half miles of which five and a half are on Swiss territory, and the remainder on Italian soil.

### EAT MEALS UNDER TABLE

As a form of hazing, "plebes" at the United States Naval academy at Annapolis who are unable to guess the daily desert are forced to eat their meals sitting on the floor under the table.

## NOTED PIONEER

COLONEL A. S. MOORE, FIRST HEAD OF VERDUGO WATER COMPANY, IS CALLED

A. S. Moore, whose death at Pasadena was noted several days ago, was evidently Colonel Moore, a well-known Civil War veteran, according to J. C. Sherer, city clerk, and one of the pioneers of this community.

Moore avenue was named after Col. Moore, whose home place was located in that section of the Tropic district which is now incorporated in Glendale.

The colonel, thirty-seven years ago, was the first president and organizer of the Verdugo Canyon Water company, the principal source of supply for this city today. On account of a shell wound in the breast, he was permanently disabled, although he led an active life and lived to a ripe old age.

Lived on Catalina Island

For a number of years he lived at Little Cove, above Avalon, on Santa Catalina Island. This was a secluded spot and outside of an occasional trip to Glendale he was little known here of late, although widely acquainted with the early settlers.

After age had crept upon him so that his island home was less desirable than the mainland, he moved to Huntington Beach and later to Pasadena.

A widow and two married daughters survive him, Mr. Sherer states.

## Olive Thomas Shown At Glendale Theatre

Olive Thomas' last picture, "Everybody's Sweetheart," filmed shortly prior to her visit to Paris where she so tragically died, is the feature offering at the Glendale Theatre today and tomorrow.

From the uttermost depths of poverty to a position of wealth and all that it signifies went Mary, the little girl from the county poor farm; but in spite of her new-found riches and friends, she never forgot her old companions who stood by her in the days of adversity. That's why they all called her "Everybody's Sweetheart."

Mary was one of the few survivors of a terrible railroad wreck, and John, a boy about her own age, another. The children were placed in the County Poor Farm. Here they grew up from childhood to youth amid the most sordid surroundings.

An old inmate of the farm called "Corporal" was their best friend, and one day, Mary, John and the Corporal decided to run away. So off they started, with Mary dressed as a boy. The sudden illness of the Corporal forced them to apply for aid to the big house on the hill, and then the story takes a most unexpected turn; one that brings out some surprising facts that had been hidden for years and in the end all is happiness.

Latest Pathe News and a delightful comedy, "Laughing Gas," complete the film program while Madame Clement has selected "Tumble Down Shack of Athlone" as the organ number. That alone should attract hundreds of music lovers.

### PLAGIARISM IS NOT EASY

When the vast number of stories, poems, articles, jokes and similar material bought daily by editors is considered, it would seem to be a comparatively easy matter to make a few changes in material published several years ago and to resell it without fear of being caught. To attempt such a sale is not a crime likely to lead to immediate punishment at all. To make such a sale is, of course, unlawful, but it is far more serious as an infallible method of blasting a literary career.

It appears that even fragments of verse are not likely to escape the watchful eye of people who are always on the alert for plagiarists. A plagiarist recently collected a few dollars from a magazine for a verse which some astute reader immediately remembered as having appeared in a New York newspaper six years before. The reader happened to be a column conductor on another New York newspaper, and as a result the fake poet awakened one morning to find himself advertised widely as a brazen plagiarist. He can redeem himself only by changing his name, address and attitude toward the editors.

Some plagiarists are ignorant of the nature of their offense. They attach their name to a poem copied from a scrapbook and mail the poem to an editor with the suggestion that it has certain application to the times. Their desire in signing their name to the poem is presumably to get some credit for calling attention to it. It is only the clever, deliberate plagiarist who keeps the editor awake at nights trying to remember where he has read something like a manuscript which he has under consideration. Fortunately, there are few such plagiarists, and for the most part they are first offenders and readily detected.

It is not of record that a plagiarist ever made as much money out of his duplicity as he could have made at some employment, such as highway robbery, more congenial to his literary ability.

The Interstate Commerce commission has approved a government loan of \$1,200,000 to the Missouri Pacific railroad to be used in purchasing equipment. The company will spend in addition \$1,800,000.

A "Standard" bathroom in your home adds to your health and comfort.

## Fears For Elk In Yellowstone Park

WASHINGTON—Have the majority of the elk in Yellowstone park died from natural causes or been killed during the past year, or are they hiding in some retreat deep in the mountains? This question is worrying the forest officers of the Absaroka national forest, for on ranges where ordinarily thousands of these animals could be seen only a very few have been observed this winter.

Just why this is so no one seems to know. One theory is that the open fall and winter has caused the elk to remain back in the higher and more inaccessible portions of the park. Open falls in the past, however, have not caused the elk to abandon their usual customs or habits.

Whether the actual numbers now comprising the Yellowstone band have been greatly lowered during the past year or not, say officials of the United States department of agriculture, it is at least true that the shrinkage of the Yellowstone herd during the last five years has been alarming. In 1914 the Yellowstone herd was estimated at about 25,000. In 1917 but 17,500 were counted out and if the figures for the present year estimated by those in close touch with the situation, are true there remains much less than half this number. In 1919 about 3300 head were killed in the Yellowstone band, the supervisor of the Absaroka national forest reports.

No herd of wild animals can sustain an annual shrinkage in numbers which the Yellowstone band has, for any length of time, and not face complete extermination within a few years.

## Adverse Fortune Is No Bar To Newsboy

PHILADELPHIA—Adverse circumstances and hard work have had little effect on the scholarship of a student at the Central high school. When the term reports were given out recently he was found to excel others of his class.

Israel Schechter of 2423 North Thirty-first street, is the student. He is in the senior class, and has the enviable record of securing nine "E's" out of the ten possible in the subjects he is studying at the school. "E" is the highest attainable mark, and shows that the term average in scholarship is between 90 and 100 per cent perfect.

Israel, when he completed his studies in grammar school, was determined to attend high school. He now is determined to go to college. His father felt that Israel should go to work and help support his mother and three sisters. The boy determined both to help support the family and obtain an education.

Israel has made good at both endeavors. He rises at 4 or 5 o'clock each morning, rain or shine, meets the paper wagons and serves a route. In the afternoons he distributes evening editions, often until 7 or 8 o'clock at night. For three years he has been strictly on the job.

Now he is in the senior class and well on the way to a graduation with honors. He has chosen what is generally considered the most difficult courses of instruction. He is studying three languages, Latin, Greek and French.

Israel is modest and says he is doing nothing unusual—that any other boy could do the same. He was born in Russia and came to this country with his parents when a small child.

Trade Commissioner Arthur Young reports that American exports to Spain increased 240 per cent from 1914 to 1919. The 1914 total was \$30,000,000 while that of 1919 was \$102,000,000.

## Plan Better Action For World's Travel

GENEVA—The next duty of the league of nations will be to help the world "get a move on."

When the league of nations international conference on transit takes place in Barcelona, it will be attended by specially selected delegates of all the recognized governments, who will have at their finger tips details and statistics as to the conditions of their country's rolling stock, the amount of traffic, the increase in rates by rail and sea, for travellers as well as goods; the consumption of fuel; the general condition of railway systems and waterways; the development of motor and aircraft transport, and, in fact, every scrap of information that will help the league to devise some method whereby the world may run on well-oiled wheels.

Commerce in all countries is suffering badly on account of the reduction, deterioration and dislocation of all means of transport which is hampering the movement of goods and which is largely responsible for the present economic crisis. Material essential for national existence is being badly distributed and the whole great scheme of imports and exports is thereby affected.

The first talk of the Barcelona conference will be to take a comprehensive survey of the present position and then all the great transport experts of the world will lend their knowledge and their brains to the matter of improvements.

The Barcelona conference will do in the realm of transportation what the Brussels conference did in the realm of finance. It will endeavor to find a more satisfactory system for the distribution of available material, and a more rational employment of existing routes of communication.

An invitation to attend has been extended to the United States of America, and other recognized governments have been informed with regard to the preparatory work of the conference, of which the chairman will be Monsieur Gabriel Hanotaux, formerly minister of foreign affairs in France.

## May Revolutionize Next War In Air

PARIS—A French inventor has applied for a patent on an invention which will enable airships and airplanes in future wars to bombard points from a distance, instead of merely dropping explosives from above. The inventor is Louis Demblanc, whose experiments with parachutes already have received much attention from military circles.

By his new device, which is to be attached to an aerial projectile, preferably an airplane, it is possible from an altitude as great as 6000 yards to reach accurately targets seven or eight miles away. This will solve one of the war's greatest problems, that of destroying vital points without subjecting aircraft to concentrated enemy fire.

M. Demblanc believes that his device will operate with greater precision by wireless communication between several co-ordinated aircraft whereby it would be possible to check distances and gauge angles, thus making the operation merely a mathematical proposition.

The Japanese department of agriculture and commerce estimates the rice crop for this year at about 325,000,000 bushels. This is 12 per cent above the normal yield.

Several states have enlisted federal assistance in the work of establishing farm management departments. One of the most important phases of the work is reworking principles of business management to fit farm conditions.
